

UPLOAD DATA

By default this tab loads two sample datasets from The R Datasets Package.

Also you can load your own dataset in *.txt or *.csv file format.

Choose data source:

- Load example dataset from R
- Upload your own dataset file

You can upload your data as separated by comma, tab, semicolon or space.

Upload a delimited text file (max. 10MB):

DIAGNOSTICS

This tab shows three common diagnostics as follows.

- Validation of Assumptions
- Extreme values
- Multicollinearity
