Proceedings of the
International Conference on
Establishment Surveys

Survey Methods for Businesses, Farms, and Institutions

Invited and Contributed Papers

June 27-30, 1993
Buffalo, New York

PRICE: $40.00 (U.S.)

American Statistical Association
1429 Duke Street
Alexandria, Virginia 22314-3402
The papers and discussions in this Proceedings volume are reproduced exactly as received from the authors. None of the papers has been submitted to a refereeing process. These presentations are presumed to be essentially as given at the International Conference on Establishment Surveys in Buffalo, New York, June 27-30, 1993. This Proceedings volume is not copyrighted by the Association; hence, permission for reproduction must be obtained from the author, who holds the rights under the copyright law.

Authors in this Proceedings volume may submit their papers to any journal of their choice. The ASA Board of Directors has ruled that publication in these Proceedings does not preclude publication elsewhere.

PRINTED IN THE U.S.A.
Table of Contents

Introduction to the Proceedings. G.J. Brackstone, Statistics Canada 1

Keynote Address: Building a Successful Economic Statistics Programme. W. McLennan, Central Statistical Office, United Kingdom 3

Invited Papers by Topic

I. Innovative Uses of Administrative Data
   Organizer: David A. Archer, New Zealand Department of Statistics

   The Demography of the Business Sector and the Use of Statistics Derived From Business Register and Insolvency Records. Marta F. Haworth, Central Statistical Office; John R. Kerr, Department of Trade and Industry, United Kingdom 8

II. Energy and Environmental Issues
    Chair: Sam Rives, USDA/NASS
    Organizer: David A. Archer, New Zealand Department of Statistics

    Surveying an Uncharted Field. Eugene M. Burns, Lynda T. Carlson, Dwight K. French, Miriam L. Goldberg, Robert B. Latta, and Nancy L. Leach, Energy Information Administration 37

    How to Measure the Effectiveness of Environmental Control. Abraham J. de Boo, Netherlands Central Bureau of Statistics 45

    The Development of Surveys of Waste Management: The Canadian Experience. Harry Freedman and Bruce Mitchell, Statistics Canada 52

III. Countries with Developing Economies
     Chair: Osborne Jackson, United Nations
     Organizer: B. Nanjamma Chinnappa, Statistics Canada

     On the Optimum Method for China’s Crop Yield Survey. Chen Guoshun, Hebei Provincial Statistical Bureau, China 62
The Role of National Accounts and its Impact on Survey Designs: The Zambian Perspective. 
*Ackim T. Jere, Central Statistical Office, Zambia* 67

IV. Surveys of Health Care Institutions
Chair/Organizer: *James F. Rodgers, American Medical Association*

Surveys of Physicians: An Overview. *Sara L. Thran, American Medical Association; Marc L. Berk, Project HOPE* 83

Establishment Surveys of the National Center for Health Statistics. *Thomas McLemore and W. Edward Bacon, National Center for Health Statistics* 93

V. Subnational Establishment Surveys
Chair: *E. Ann Vacca, U.S. Bureau of the Census*
Organizer: *Steven G. Heeringa, University of Michigan*

How Not to Collect Fire Statistics From Fire Brigades. *Gillian A.M. Goddard, Home Office, United Kingdom* 107

VI. International Trade in Goods and Services
Chair: *Rodney J. Lewington, New Zealand Department of Statistics*
Organizer: *David A. Archer, New Zealand Department of Statistics*

INTRASTAT and PRODCOM—New European Survey Systems. *Graham Jenkinson, Central Statistical Office, United Kingdom* 111

VII. Justice and Substance Abuse Surveys
Chair: *Bernard Wong, Australian Bureau of Statistics*
Organizer: *Brian A. Reaves, Bureau of Justice Statistics*

VIII. Surveys of Financial Institutions
Chair: John Wolken, Federal Reserve Board
Organizer: Charles D. Cowan, Resolution Trust Corporation

Surveying Banks About Agricultural Lending. Nick Walraven and Sam Slowinski, Federal Reserve Board

IX. Geographical Technologies for Agricultural Surveys
Chair/Organizer: Cynthia Z.F. Clark, USDA/NASS

Mapping Survey Data. Ann Cowling, Ray Chambers, Ray Lindsay, and Bhamathy Parameswaran, ABARE, Australia

X. Automated Systems
Chair: Brian V. Greenberg, U.S. Bureau of the Census

Personal Computer Electronic Data Reporting Option (PEDRO). Charles C. Heath, Energy Information Administration

XI. Proprietary Frames for Small Business Surveys
Chair: Bruce Kirchoff, New Jersey Institute of Technology
Organizer: Bruce D. Phillips, U.S. Small Business Administration

Perspectives on Small Business Sampling Frames. Bruce D. Phillips, U.S. Small Business Administration

Comments of Joel Popkin at Session at Which Papers Were Presented by J. Duncan and B. Phillips. Joel Popkin, Joel Popkin and Company

XII. Registers and Frames
Organizer: Michael J. Colledge, Statistics Canada

The Development of a Business Survey Frame From Administrative Data. John Perry, Central Statistical Office, United Kingdom

Use of Capture-Recapture Techniques to Estimate Population Size and Population Totals
When a Complete Frame is Unavailable. Kenneth H. Pollock, North Carolina State University; Steven C. Turner and Craig A. Brown, National Marine Fisheries Service

XIII. Countries Whose Economies Are In Transition
Chair: Phoïs Nanopoulos, EUROSTAT, Luxembourg
Organizer: Anders Christianson, Statistics Sweden

The Past and Future of the Statistical Surveys of Manufacturing in Hungary. Stefania Tüü, Hungarian Central Statistical Office

Small Private Business Statistics in Czech Republic. Jaroslav Kux, Labour and Social Affairs Research Institute, Czech Republic

XIV. Surveys of Educational Institutions
Chair: James R. Chromy, Research Triangle Institute
Organizers: Daniel Kasprzyk and Susan Ahmed, National Center for Education Statistics

Sampling Frames at the United States National Center for Education Statistics. M. McMillen, D. Kasprzyk, and P. Planchnon, National Center for Education Statistics

Monitoring Data Quality in Education Surveys. Samuel S. Peng, Kerry Gruber, National Center for Education Statistics; Wray Smith, Synectics for Management Decisions, Inc.; and Thomas B. Jabine, Consultant

Surveys of Educational Institutions—Discussant’s Notes. Larry Swain and Ken Bennett, Statistics Canada

XV. Industrial Classification
Chair: Robert H. McGuckin, U.S. Bureau of the Census
Organizer: David A. Archer, New Zealand Department of Statistics

Discussion. David Wroe, Central Statistical Office, United Kingdom
XVI. Economists’ Uses of Establishment Data  
Chair/Organizer: Jack E. Triplett, Bureau of Economic Analysis  

Establishment Surveys in Britain: A Boon To Labour Economists. Neil Millward, Policy Studies Institute and London School of Economics, United Kingdom  

The Production of Industrial Statistics: Brazilian Recent Experience. Carmem A. do V.C. Feijó, Brazilian Statistical Office and Fluminense Federal University, Brazil  

XVII. Data Collection Methodology  
Chair: Daniel Kasprzyk, National Center for Education Statistics  
Organizer: David A. Archer, New Zealand Department of Statistics  

Using Focus Groups to Identify User Needs and Data Availability. Lynda T. Carlson, John L. Preston, and Dwight K. French, Energy Information Administration  

XVIII. Labor Income Statistics  
Chair: Philip Smith, Statistics Canada  
Organizer: David A. Archer, New Zealand Department of Statistics  

Statistics of Employment in Businesses—Denmark. Søren Hostrup-Pedersen, Statistics Denmark  

Labour Income Surveys in the United Kingdom. Terry Orchard and Peter Stubbard, United Kingdom Employment Department  

XIX. Agricultural Surveys  
Chair: Charles P. Pautler, U.S. Bureau of the Census  
Organizer: Cynthia Z.F. Clark, USDA/NASS  

**Contributed Papers by Topic**

**I. Aspects of Data Collection Programs**

**Chair**: Sandra T. Absalom, Bureau of the Mines

Composite Estimation for Multiple Stratified Designs From a Single List Frame. *Ismael Flores-Cervantes, William Iwig, and R. Ronald Bosecker*, USDA/NASS

**II. Issues in Estimation**

**Chair**: Ronald S. Fecso, USDA/NASS

An Evaluation of Robust Estimation Techniques for Improving Estimates of Total Hogs. *Susan Hicks and Matt Fetter*, USDA/NASS

Winsorization of Survey Data. *Louis-Paul Rivest*, Université Laval, Canada

Generalized Regression Estimation for a Two-Phase Sample of Tax Records. *John Armstrong and Hélène St-Jean*, Statistics Canada

III. Computer-Assisted Interviewing
   Chair: W. Sherman Edwards, Westat, Inc.

Managing the Quality of Establishment Surveys in an Environment of Rapidly Changing Survey-Taking Technologies. Mary March, Statistics Canada

A Methodology for Evaluating CATI/CAPI Development Environments. Douglas Yeo, Joan Hocken, and Sylvie Michaud, Statistics Canada

Comparison of Telephone Interviewing Methods in the Quarterly Apparel Survey. Richard Sigman, Suzanne Dorinski, and Bob Tinari, U.S. Bureau of the Census

IV. Evaluating and Adjusting for Frame Undercoverage
   Chair: Roberta Pense, USDA/NASS

An Analysis of the Sampling Frame for the Chemical Use and Farm Finance Survey. Susan Cowles and Susan Hicks, USDA/NASS

Measurement of Private Trucking in Canada. Andrea Mathieson, Statistics Canada

Time Related Coverage Errors and the Data Adjustment Factor (DAF). Jeffrey T. Bailey, USDA/NASS

Estimating Agricultural Labor Totals From an Incomplete List Frame. D. Scot Rumburg, Charles R. Perry, USDA/NASS; Raj S. Chhikara, University of Houston; and William C. Iwig, USDA/NASS

V. The National Animal Health Monitoring System
   Chair: Martha Farrar Roehrenbeck, USDA/NASS

Swine and Dairy National Study Designs for Animal Health Monitoring. G.W. Hill and D.A. Dargatz, USDA/APHIS

Study Design of National Cow/Calf Health and Productivity Audit (CHAPA). D.A. Dargatz and G.W. Hill, USDA/APHIS

The National Dairy Heifer Replacement Project: Demographics and Health Status of the U.S. Dairy Heifer Population. S.J. Wells and G.W. Hill, USDA/APHIS

Error Profile of the National Swine Survey. E.J. Bush, USDA/APHIS
VI. Improving Response Rates in Censuses and Surveys
Chair: Ray Ryan, Statistics Canada

Response Improvement Initiatives for Voluntary Surveys. Mark E. Wallace, U.S. Bureau of the Census 478

Improving Response Rates by Touchtone Data Entry on the Manufacturers' Shipments, Inventories, and Orders Survey. Douglas Bond, Gloria Cable, and Steve Andrews, U.S. Bureau of the Census 484

Selected Results of the Incentive Experiment on the 1992 Farm Costs and Returns Survey. Diane K. Willimack, USDA/NASS 490

Increasing Mail Questionnaire Completion for Business Populations: The Effects of Personalization and a Telephone Followup Procedure as Elements of the Total Design Method. Danna Moore and Rodney Baxter, Washington State University 496

Implementing Multimodal Surveys for Business Establishments. Carla P. Jackson, Tennessee Valley Authority 503

VII. Economic Data Analysis
Chair: Chandrakant A. Patel, International Monetary Fund

Average Salary of Commercial Employees in Finland in 1991. Erkki J. Pahkinen, Statistics Finland 514

Estimation of Model Parameters Across Multiple Years: Applications Using Survey Data. Gerald Whittaker, Hisham S. El-Osta, and Mary C. Ahearn, USDA 526

VIII. Frame and Sampling Approaches for Business Surveys
Chair: Vicki J. Huggins, U.S. Bureau of the Census

Surveys on Small Business and Accuracy of National Accounts in the Services Sector. Bruno Bracalente, University of Perugia; Claudio Pascarella, ISTAT, Italy 530
Statistical Aspects of Business Registers Integration. Marco Martini, 
Università di Milano, Italy 536

Administrative Registers and National Surveys. Silvia Biffignandi and Christine Butti, 
Università di Bergamo, Italy 542

Note on the Estimation of Technological Coefficients as Methodology to Integrate Partial 
Responses Given by Firms. Stefano Pisani, ISTAT, Italy, and Alessandro Viviani, 
University of Florence 548

Listing Frames and Maps in Area Sample Survey on Establishments and Firms. 
Alessandra Petrucci and Monica Pratesi, Università di Firenze, Italy 554

Intracluster Rate of Homogeneity and Dimension of Areas in Area Sampling. 
Corrado Lagazio and Monica Pratesi, University of Florence, Italy 560

IX. Surveys of Health, Occupational Safety, and Residential Care Facilities 
Chair: Raj S. Chhikara, University of Houston

The 1991 Health Provider Inventory as a Sampling Frame. John Paul Sommers, 
Agency for Health Care Policy and Research 563

The Prevalence of Alcohol and Other Drug Abuse and Dependence in Short-Term General 
Marcia Russell, Research Institute on Addictions; Hal Yahr, and Page Chiapella, National 
Institute for Alcohol Abuse and Alcoholism 569

An Automated Recruiting System for Managing Multiple Establishment Surveys. 
Kennon R. Copeland, Jay Feldman, Greg Myers, and LuAnn S. Patrick, IMS America 573

Surveys of Social Non-Profit Organizations: A Case Study of Transition Homes. 
Greg F. Parsons, Statistics Canada, and Caroline Cyr, Correctional Service of Canada 577

X. Disclosure Avoidance, Matching, and Metadata 
Chair: Richard S. Sigman, U.S. Bureau of the Census

A Comparison of Adjustment Techniques to Supplement a Network Flow Disclosure 
Avoidance System. Colleen M. Sullivan, U.S. Bureau of the Census 582

Strategy for Publishing the Partial Herfindahl-Hirschmann Index. Richard W. Graham, 
U.S. Bureau of the Census 588

Metadata for Establishment Surveys: Corporation SOI. Martin H. David, University of 
Wisconsin, and John L. Czajka, Mathematica Policy Research 594
Recent Advances in Matching and Record Linkage from a Study of Canadian Farm Operators and Their Farming Practices. Martha E. Fair, Statistics Canada 600

XI. Nonresponse and Nonresponse Adjustments
Chair: Eugene M. Burns, Energy Information Administration

An Evaluation of Nonresponse Adjustment Within Weighting Class Cells for the Farm Costs and Returns Survey. Kay Turner, USDA/NASS 624

An Analysis of Variance Approach to Defining Imputation Cells for a Complex Agricultural Survey. John Amrhein, USDA/NASS 629

XII. Developments in Stratification, Allocation, and Estimation
Chair: Paul B. McMahon, Internal Revenue Service

Sampling Farms Using Area Frames in Europe. F.J. Gallego and J. Delincé, Joint Research Centre of the European Communities, Italy 651

XIII. Surveys of New Businesses and Startup Capital
Chair: Bruce D. Phillips, Small Business Administration

Capital Structure Life Cycle: Static Process or Dynamic Evolution? Joel Shulman, Babson College; Rick Cooper, Wayne State University; and David Brophy, University of Michigan

XIV. Agricultural Surveys and Censuses
Chair: Rich Allen, USDA/NASS
Organizer: John G. Kovar, Statistics Canada

Agriculture Data Systems—A U.S./Canada Comparison. Robin O. Roark, USDA/NASS

History and Procedures of Objective Yield Surveys in the United States. Eric Waldhaus, Eddie Oaks, and Mike Steiner, USDA/NASS

Redesign of the Canadian Agriculture Commodity Surveys. J. Trépanier and A. Théberge, Statistics Canada

Strategies for Evaluating the Data Quality of the Canadian Census of Agriculture. Stuart Pursey, Statistics Canada

The Sampling Design of Finnish Agricultural Surveys. Paavo Väisänen, Statistics Finland

XV. Development of Establishment Surveys and Enterprise Panels
Chair: Shail Butani, U.S. Bureau of Labor Statistics

Enterprise Organization and Internal Information System: What Lessons for Enterprise Annual Surveys? Emmanuel Raulin, INSEE, France

Portuguese Enterprise Panel. Maria Helena Gomes, National Statistical Institute of Portugal

Creation of the European Enterprise Panel: Strategies. Seppo Laaksonen, Eurostat, Luxembourg

XVI. Identifying Priorities and Improving Data Quality
Chair: George A. Hanuschak, USDA/NASS

Data Quality: A Quest for Standard Indicators. Mesfin Mirotchlie, Statistics Canada 729

XVII. Survey Developments Around the World
Chair: Jan Fischer, Federal Statistical Office, Czech Republic

Obtaining Information on Business Services in Transitional Economies: The Case of East Germany and Hungary. Eva Kigyóssy-Schmidt, Berlin Centre, Germany 751

The Energy Consumption and Environment Areas in Industry. Philippe M. Sabot, Industrial Statistics Department, France 757

Nielsen Retail Trade Survey in Poland and CSFR. Oreste Assereto, AC Nielsen Management Services, Switzerland 762

XVIII. Innovations in Frame Development and Sample Design
Chair: David Dodds, Statistics Canada

Frame Creation for Institutional Surveys at Statistics Canada. L. Swain, M. Brodeur, S. Giroux, K. McClean, J. Mulvihill, and J. Smith, Statistics Canada 771

Using Professional Associations of Individuals for Establishment Frames. Carl Ramirez, U.S. General Accounting Office 781

On Redesigning Canada’s Establishment-Based Employment Survey. David Dolson, Statistics Canada 793
Using the Cluster Analysis for Stratification Purposes—An Example From Agriculture.
Hans-Theo Speth, Federal Statistical Office, Germany

XIX. Research in Agricultural Surveys
Chair: William C. Iwig, USDA/NASS

State Level Crop Area Estimation Using Satellite Data in a Regression Estimator.
Mitchell L. Graham, USDA/NASS

Application of Satellite Data to Crop Area Estimation at the County Level.
Michael E. Bellow, USDA/NASS

A Survey Sample Design to Estimate Numbers and Yield of Fruit Trees. Adnan M. Haider, Howard University

A Comparison of Four Alternative Weighted Estimators to the Open Estimator for Use in the Agricultural Labor Survey. Cheryl L. Turner, USDA/OASS

Yield Models for Corn and Soybeans Based on Survey Data. Thomas R. Birkett, USDA/NASS

Using Different Precipitation Terms to Forecast Corn and Soybean Yields.
M. Denice McCormick, USDA/NASS

XX. Improving the Quality of Business Surveys
Chair: Carole Ambler, U.S. Bureau of the Census

Extending Historical Comparability in Industrial Classification. John S. Crysdale, Statistics Canada

Testing the Advantages of Using Product Level Data to Create Linkages Across Industrial Coding Systems. Suzanne Peck, U.S. Bureau of the Census

A Statistical Investigation of Farm Accounting Data Network. Carlo Filippucci, Fabrizio Alboni, and Alberto Fabbiani, Universita di Bologna, Italy

XXI. Surveying Federal Agencies for the U.S. Congress
Chair: Terry E. Hedrick, U.S. General Accounting Office

Determination of Quota Concentration Among Peanut Producers Using the USDA “Smart Card” Data System. Carol Bray, Fred Mayo, and Paul Clift, U.S. General Accounting Office 860

Collecting Malpractice Insurance and Claims Information From Health Centers. Susan Lawes Sullivan, U.S. General Accounting Office 874

XXII. Sampling and Estimation
Chair: Steven G. Heeringa, University of Michigan

Combining Data Sources in Estimation. S.E. Ahmed and Bashirullah, University of Regina, Canada 883

Unbiased Estimation in the Presence of Frame Duplication. Orrin Musser, USDA/NASS 889

An Evaluation of Rounding Techniques Used to Obtain Estimated Totals. Melinda Kraus and Franklin Winters, U.S. Bureau of the Census 893

XXIII. Improving the Quality of Survey Data and Business Registers
Chair: Ian Cuthill, Statistics Canada

Improvements to Frame Data Quality in the Small Business Sector. M. Charron-Corbeil and N. Falardeau, Statistics Canada 904

A New Swedish Business Register Covering a Calendar Year and Examples of its Use for Estimation. Eva Elvers, Statistics Sweden 916

Benchmarking of Small Area Estimators. H.J. Mantel, A.C. Singh, and M. Bureau, Statistics Canada 920
Business and Agricultural Survey Applications

Chair: Ruth Ann Killion, U.S. Bureau of the Census

Generalized Record Linkage at Statistics Canada. Connie Nuyens, Statistics Canada 926

Automated Coding at Statistics Canada. Dianne Miller, Statistics Canada 931

Methodology of Agricultural Surveys in India. Prem Narain and A.K. Srivastava, Indian Agricultural Research Institute 935

Qualitative Testing of the Farm Financial Survey Questionnaire. David Lawrence and Frances Laffey, Statistics Canada 939

USDA's Annual Farm Costs and Return Survey: Improving Data Quality. Bob Milton and Doug Kleweno, USDA/NASS 945

Workshop

Questionnaire Design for Establishment Surveys. Allen R. Gower, Statistics Canada 950

Index 957
